Monthly Newsletter for the Twin Cities Section of the IEEE

The Radiator

October 2013

www.tc-ieee.org

October and November is an exciting time for the Twin Cities Section! Check out our many upcoming events below!

In this Edition of the Radiator:

[IEEE Day](#)

[Roving Meet & Greet Social](#)

[Judges – Student Leadership Conference](#)

[Metro Area Workshop!](#)

[Meetings and Workshops](#)

[Award Nominations](#)

[Contact the Section](#)

IEEE Day Celebration

Tuesday, October 1st -- Last minute RSVP's accepted!

Join us as we celebrate IEEE Day -- Leveraging Technology for a Better Tomorrow. This will be an exciting evening of dining, networking, and learning at Fong's Restaurant in Minneapolis

All for only \$10!

Find more Information and Register [HERE!](#)

Judges Needed – Student Leadership Conference

October 4th – 6th

The U of M IEEE Student Chapter is hosting the Region 4 Student Leadership Conference October 4-6. The conference will provide leadership Training, Workshops and Competitions for students from around our region. The conference organizers are still in need of judges for some of the student competitions. Click [HERE](#) for information on the conference. If you're interested in being a judge, please send an email to ieee@umn.edu.

Roving Meet & Greet Socials

Thursday, October 10th

The Executive Committee of the Twin Cities IEEE Section would like to meet our members, and provide a networking opportunity for our members to meet other members and potential members. However, we realize it can be difficult to come across town at rush hour. So ... we're coming to you! We are going to be hosting a number of Meet & Greet Socials around the Twin Cities, so it can be an easy stop after work. It's a great opportunity to network with IEEE members in your area! Bring along your friends and fellow employees!

Our first social will be Thursday, October 10th at Champps in Eden Prairie. Appetizers and first beverage is on us! Click [HERE](#) for more information and to RSVP.

Metro Area Workshop

November 22nd – 23rd

This fall the Twin Cities Section is hosting an IEEE Smart Tech Metro Area Workshop. This workshop will provide participants with a unique learning experience with topics on the cutting-edge of technical innovation today.

The workshop is a springboard to a deeper understanding of technology and its myriad applications and potential for innovation. CEUs will be awarded for all workshops

The workshop will be Friday and Saturday, November 22-23 at the Ramada Bloomington Minneapolis Airport / Mall area hotel. The early-bird member cost is \$139. The Workshop is structured in three tracks. The Tracks at the Twin Cities Metro Area Workshop will include: Wind and Solar Energy, Cloud, Test System Design, Embedded Systems, Big Data, Smartphone Apps, Smart Grid, Mobile Antennas, RFID and Career Assistance.

Find full information and session descriptions [HERE](#). Go directly to Registration [HERE](#)

Meetings and Workshops:

49th Annual Minnesota Power System Conference - MIPSYCON

This conference provides electric utility engineers and consultants the opportunity to stay abreast of today's power system technology. The conference emphasizes the unique challenges faced by electric utilities in the Midwest.

November 5th, 2013
